## Choose the Perfect Heating Solution

Every Kirami hot tub is designed to deliver exceptional relaxation, but the way you heat your water can make all the difference to your owner experience.

Whether you love the authentic ritual of a traditional wood-fired heater, the convenience and efficiency of electric air source heating, the flexibility of a hybrid system or the advanced technology of the Rexener biofuel heater, we offer a range of options to suit different lifestyles and usage patterns.

From off-grid garden retreats to luxury wellness spaces, each heating system has its own unique benefits.

We are happy to advise on all of these.

**Add our Dualux air source heat pump for easily controlled, efficient heating, cooling and filtering from 4°C to 40°C.**

## Cold Water Therapy with Kirami

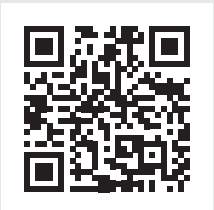

Kirami's Dippy tubs are designed to provide a refreshing and quick cold water dip on a hot summer's day or to be used for an invigorating plunge alongside regular sessions in the sauna throughout the year. Increasingly popular, ice bath therapy is now a widely recognised practise around the world for better health and wellbeing. Immersing yourself into cold water can mimic the feel of winter swimming, delivering the same recovery health benefits enjoyed by athletes and wellbeing experts for many years.

# Authentic Finnish outdoor saunas

Are you thinking of having an outdoor sauna at home, or at your business? The Kirami FinVision® **outdoor sauna** ranges are **made in Finland** by honouring the old **Finnish sauna** traditions without forgetting the modern day requirements for ease of use and comfort.

Their cosy interiors immerse bathers into a pleasant atmosphere and the large panoramic window brings the surrounding nature closer, making it the perfect sauna experience.

All Kirami FinVision® saunas include features which all good saunas should offer, including **excellent ventilation**, ample and correct **insulation**, a

The Harvia Xenio Wi-Fi remote control system comes as standard with all electric Kirami saunas.

**double glazed privacy glass** door and window, **drainage** for ease of cleaning and of course being manufactured from the **best materials** available to ensure users of a pleasurable bathing experience in a sauna which is **efficient, easy to maintain and highly durable**.

We are proud to supply Kirami FinVision® saunas to many private customers and businesses across the whole of the UK, from London to the Highlands and Islands of Scotland.

 The majority of our saunas can come flat packed for us to build onsite. If access is limited this makes it all still possible.
